KINDRA European

Union H2020 project

KINDRA, standing for «Knowledge Inventory for Hydrogeology Research», is an European Union project under the Horizon 2020 Research and Innovation Framework Program.

The first aims of KINDRA project are to create a harmonised approach and terminology for reporting groundwater research (HRC-SYS), as well as creating an European Inventory of Groundwater Research and Innovation (EIGR).

The BLUG, as a member of the European Federation of Geologists participates to KINDRA in Belgium and Luxembourg.

During the workshop, the hydrogeologists experts selected by the BLUG will present and discuss the KINDRA project outcomes.

Programme

14h00 : Registration

14h30 : Welcome note (N. da Silva)

14h35 : Project overview (A. Dassargues)

14h45 : HRC-SYS groundwater research classification (A. Dassargues)

15h00 : EIGR European Inventory of Groundwater Research (D. De Coster)
